RFP1056E-060811 (Outline)
Design and Renovation of 11 Riverside Street

Scope of Work

The City of Nashua, NH ("Owner") invites proposals from qualified and experienced contractors for the design and renovations to the existing Department of Public Works (DPW)/Nashua Transit Administration building located at 9/11 Riverside Street, Nashua NH.

The City is looking for a solution on the above building. This will consist of refurbishing the north side of the building. Included will be new siding with some way to keep the ice sheets in the winter from damaging the siding. Also, the City is looking for a solution to keep the ice and snow away from the building.

The City does have extensive information on the load amount allowed on the roof. This report indicated that roof rakes (or a similar product) will not work as the structure will not be able to hold the ice/snow on the roof for a long period of time.

Schedule

The City of Nashua is expecting that work will begin soon after awarding of contract in late June early July.

Evaluation Criteria for Award

All proposals must be complete and convey all of the information requested in order to be considered responsive. If the proposal fails to conform to the essential requirements of the RFP, the City will determine whether the variance is significant enough to consider the proposal unacceptable for further consideration, or determine whether the variance is minor and therefore acceptable for further consideration and award.

Selection will be based on the following:

- Understanding of the project scope
- Project approach
- Proposed time schedule
- Demonstrated experience including references
- Cost

Contractual Requirements

The attached Standard Form of Agreement between Owner and Contractor will be used to cover the project, including payment schedules, termination clauses, and pertinent scope of work. The City of Nashua reserves the right to negotiate changes in contract language. By reference, this Request for Proposals will be made part of the agreement, and provides the basis, not a substitute for the scope of services to be provided.

Submission Information

In order to be considered for this selection, RFP respondents shall submit **one (1) original and two (2) copies** of the same pages of at least the following materials:

1. Name, address, phone and fax number, and email address of firm submitting proposal
2. Name address and phone number of principal and all individuals working on project.
